BUDGET MESSAGE

CITY OF TERRELL

September 25, 2008

The Honorable Mayor & City Council Members
City of Terrell
Terrell, Texas

Dear Mayor and Members of the City Council:

As required by Article V, Section 5.02 of the Terrell City Charter and the statutes of the State of Texas, the annual budget for fiscal year 2008-2009 is presented for consideration and adoption. We are pleased to present to you a balanced budget for Fiscal Year 2008-2009.

Hal Richards
Mayor

The City continues to be financially stable and able to meet all current fiscal obligations. Given a short term decline in revenues growth, improvements in services provided to the community are aimed at efficiencies and effectiveness rather than growth of services. We are committed to maintaining existing service levels with the existing resources. Our reserve balances are the minimum necessary to operate the city's financial and cash flow systems with limited flexibility for unanticipated costs.

Jack Jones
Mayor Pro tem

Don Thurman
Deputy Mayor
Pro tem

The local economy is under tight budget pressure from the financial and real estate sectors and the increasing cost for energy. Tighter credit and excess housing inventories have negatively impacted the real estate market. Consequently, higher costs for goods and services have reduced the amount of funds available for the City's budget, while maintaining the same tax rate since 2000.

Tommy Spencer
Council Member

Ricky Jordan
Council Member

Slow growth and higher labor costs challenge staff to look for ways to generate new revenues and to reduce the cost of providing existing services. Each department has analyzed the services provided and has, where possible, made cost reductions.

Torry L. Edwards
City Manager

Implementation of innovations in the way business is done continues with internet site enhancements that streamline the reporting, resolving and tracking of citizens concerns. City staff is actively seeking to attract new business and to retain and expand existing businesses to add to the local economic base. Importantly, the City will fully utilize the newly formed Tax Increment Financing Reinvestment Zone No. 1 to accelerate commercial and retail development which will generate new sources of value and enhance sales tax revenue in the future.

Mike Sims
Assistant City
Manager

P.O. BOX 310 • 201 E. Nash Street • Terrell, Texas 75160 • (972) 551-6600

The mission of the City Council of the City of Terrell, Texas, is to create pride by serving the community in a proactive manner and to enhance the quality of life through providing the highest level of services in the most efficient manner.

FY 2008-2009 Budget Message

The proposed budget has absorbed a 12% increase in health insurance cost that will be funded by the employer. This will not impact the employee contribution cost. There is a 5% competitive adjustment for all staff incorporated into the departmental budgets. A pay increase for police and fire was required by Statute and is budgeted. An additional 3% market adjustment has been added to the police and fire department to compete with area cities.

To further enhance professional development and training opportunities for employees, this budget proposal maintains the Travel and Education line items in the 2008-2009 budget. This effort will translate into greater customer service and effective service delivery to the citizens of Terrell.

This budget also includes the addition of three (3) sworn police officers: One (1) detective and two (2) new sworn officers to respond to a 34% growth rate in population from census data 2000-2006. The number of authorized sworn officers remained the same at thirty-six (36) without adding any new sworn officer positions within the last 20 years. Proactively, the budget also includes funding for a Public Safety Resource Study and a review of police policies and procedures.

Overall objectives of this budget are presented as follows:

- Maintain the Council's Clean City initiative.
- Provide a competitive compensation package for employees.
- Maintain the existing tax rate.
- Continued promotion of citizen participation in governance
- Maintain or improve basic service levels.
- Actively recruit retail and commercial development.

The budget supports the following goals:

- Enhanced customer service.
- Continued roadway, water, sewer and drainage improvements
- Cleanup and maintain "Entry" Right of Ways in the City. Improve the local image.
- Fire Hydrant Testing and Maintenance Program.
- Infrastructure Capital Projects
- Economic Development Commercial and Retail.

Implementation of the Terrell Citizens University 2008 Program was a success. The first class started with twenty-two (22) participants and graduated all twenty-two (22). This budget will continue to support Terrell Citizens University to promote a better understanding of local government to encourage positive participation in the process and to develop informed and professional volunteer leadership to this community.

FY 2008-2009 Budget Message

Property Taxes

The budget is based on an estimated tax roll of \$ 1,014,913,277 the assessed valuation is approximately \$58,384,404 greater than the property valuation for fiscal year 2007-2008. This represents 6.10% increase. The tax rate proposed is \$0.65 per one hundred dollar of value, which is the same rate as last budget year. The proposed breakdown of the tax rate is:

\$0.4784	General Fund Maintenance and Operation
<u>\$0.1785</u>	Debt Service, Interest and Sinking Fund
\$0.6500	as proposed for fiscal year 2008-2009

The average home value in 2007 was \$81,426 based on \$0.6500 per \$100 taxable value the amount of tax was \$529.27. The average home value in 2008 is \$83,396 based on \$0.6500 per \$100.00 taxable value the estimated tax is \$542.07. This results in an increase of \$12.80 per year increase on the average home.

General Fund

The 2008-2009 General Fund revenue projection is \$16,235,539. This is an anticipated increase in revenue of approximately \$770,165 over fiscal year 2007-2008. This budget includes increases for court fines. Revenue forecasts include projected growth in property taxes as well as a reduction in the various cash balances.

The 2008-2009 fiscal year budget includes funding for the Tax Increment Financing Reinvestment zone, growth study, Youth Advisory Council, grants for first time home buyers, Kaufman Area Rural Transit (KART), and the Manageable Lifestyles Center. Funding for park improvements in accordance with the Parks Master plan will continue.

Debt Service

The budget includes debt service funding to support a 4.9 million dollar Certificate of Obligation issuance to fund replacement of the Bachelor Creek Sanitary Sewer Interceptor. This budget will provide maintenance at the wastewater treatment plant to ensure the City meets state requirements and can continue to provide adequate treatment and service. The City Service Center, which will consolidate several departments under one roof, and will greatly enhance field crew efficiency and service delivery, will be completed. Parking at City Hall and downtown will be improved, and old City Hall will see improvements in the area of safety, maintenance, and accessibility.

Water and Sewer Fund

Utility fund revenues are projected to be \$9,166,151. This budget includes a (2%) Two percent rate increase to be implemented in the 2008–2009 fiscal year to provide sufficient funds to offset additional debt service requirements passed through to Terrell from the North Texas Municipal Water District. Funds set aside for on-going maintenance include heavy equipment rehabilitation and replacement at the wastewater treatment plant.

Equipment Replacement Fund

The Equipment Replacement Fund revenues are projected to be \$764,795 with the majority of its revenues in the form of user fees from the General Fund in the amount of \$599,610 and from the Utility Fund in the amount of \$112,585. There are no planned capital expenditures for this fund. The fund balance is reserved for unplanned cost or hikes in fuels and emergency equipment replacement.

FY 2008-2009 Budget Message

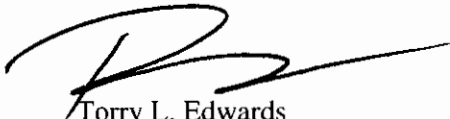

Airport Fund

Council approved Resolution No. 602 in April of 2008 to fund the design of auto parking, entrance road and building of a terminal at the airport. The total estimated cost is \$2,635,000. Under the terms of the resolution, the City will fund 50% of the project and the State of Texas, through the Texas Department of Transportation, will fund 50% of the project. The Terrell Economic Development Corporation has agreed to fund the City's portion of the project.

Conclusion

This budget was very difficult to balance and required a substantial detail review and analysis of projected budget expenditures, city process improvements and the evaluation of new revenue generation. I am proud of the team effort that went into producing this extremely lean budget. Without the sacrifice on the part of every department, this balanced budget would not have been possible to develop. Additionally, I want to take the time to commend the City Council for their direction, input and critical review efforts to prepare the program of work for Fiscal Year 2008-2009. This budget document serves as a fiscal guide for the 2008-2009 budget period.

Respectfully submitted,

Torry L. Edwards
City Manager
